1. Look at the chart while saying the alphabet out loud.
2. Say and **repeat** just the small sections of the alphabet, without starting at “a” every time.
For example, say “E-F-G” or “W-X-Y-Z”
3. Say and **repeat** each small section, but start at the letter that comes **before** that section.
For example, say “S-T-U-V” or “K-L-M-N-O-P”
4. Say and **repeat** any three consecutive letters over and over.
For example, say “P-Q-R” or “U-V-W”
